## 2

### Integration of Faith, Practice, and Diversity

- ↻ Develop a process for appropriately assessing and evaluating student outcomes as they relate to character development, spiritual formation, and a personal commitment to evangelism and missions. **A Student Life Coordinator will be hired to begin in the fall of 2014; he or she will help to develop this process.**
- ↻ Create additional opportunities and venues for all K-12 students to participate more in local missions, outreach, and evangelism. **Students have been given additional opportunities to serve locally such as helping monthly at the Macedonia neighborhood in High Point, volunteering throughout the year with the Miracle League organization, etc.**
- ↻ Continue to support and offer more resources to our local, national, and international missions' projects. **Ongoing; Raised \$28,000 for the Philippines & increased the number of missions teams going out internationally.**
- ↑ Develop a well-thought-out and practical leadership mentoring program. **Assigned to new Student\_Life Coordinator.**
- ↻ Identify specific paths of outreach and communication to communities that are under-represented at Wesleyan Christian Academy. **Reached out to the community with such things as coat drives, clean sweeps, and community meals.**
- ↻ Within a biblical context, the school seeks to achieve a makeup of staff and student body from a broad ethnic and multicultural background that will develop and incorporate an understanding that allows students to better interact with diverse cultures. **Ongoing; Diversity Statement\_developed and implemented.**

- ☒ **(Initiative withdrawn)** Communicate and garner school-wide support for Wesleyan Christian Academy's Biblical Worldview Initiative. **This area has been incorporated into missions, outreach and evangelism - #2 bullet point.**
  
- ↻ Look for opportunities that will better communicate our mission, vision, and core values to our families and community at large. **Giving more opportunities for families to serve the community through school-wide service and ministry days.**
