

Items Needed for La Luz de Cristo Ministries in Nicaragua

- Travel size toothpaste and toothbrushes
- OTC medications such as liquid acetaminophen, allergy relief (Benadryl), Neosporin, hydrocortisone cream, prenatal vitamins, children's vitamins, adult vitamins, etc.
- Children's supplies such as crayons, glitter, stickers, balloons, glue, markers, scissors, balls, jump ropes, hard candy, etc.
- We are starting a children's library in Nicaragua this year and would like to take some children's books in Spanish that promote positive values such as "honesty, integrity, obedience, respect, thankfulness", etc. We can take donations to buy these in Nicaragua, or we can take the books with us.
