Curriculum and Faculty Development

- Remunerate and provide dedicated time and resources for department heads to develop our vertical continuity of the entire K-12 curriculum. **Tasked to building principals.**
- Research the relevancy of our foreign language offerings, and consider adding a third language to the curriculum base. **Added Latin in grades K-5. High School Foreign Language offerings currently being evaluated.**
- Offer high school students the opportunity to experience distance learning by taking on-line courses. **Completed; courses now available in the HS - PTL!**
- Take appropriate steps to strengthen all curriculum areas in order to meet the expectations of our targeted Student Expected Outcomes. **Tasked to principals and department heads.**
- Increase funding to invite leading educators to present professional seminars for our faculty on a quarterly basis. **Beginning to implement; outside funding/donor support still needed.**
- Support and encourage selected faculty and administration to travel and research innovative programs of other like-minded premier private and Christian schools across the country. **Endowment established; faculty are now encouraged to inquire – PTL.**
- Research the affordability and sustainability of hiring a speech and language therapist. **Completed – PTL!**

- ↳ Research and study the need and associated costs for hiring an administrative position that could be responsible for curriculum and faculty development, increasing unique educational opportunities and study for faculty, overseeing accreditation and standardized testing, and providing leadership for academic and student support services. **Job description completed; Discerning additional costs.**
